AN OVATION.
 Teller Met by a Great Outpouring of the Populace.

ENTHUSIASTIC PEOPLE.
 Scenes of Enthusiasm Enacted Which Have No Parallel in Western History—The Streets of the City Were Jammed With People From All Parts of the State—Expressed His Thanks for the Magnificent Reception.

DENVER, July 1—Senator Henry M. Teller, returned to Colorado today and on arriving at Denver this evening from Cheyenne was met by a great outpouring of people from all parts of the state. The demonstration was non-partisan and it is doubtful if the scenes of enthusiasm enacted on the leading streets of the Colorado capitol tonight have been paralleled in western history.

Senator Teller left Cheyenne this morning and went to Greeley, where he remained until the arrival of a special train from Denver bearing the reception committee, headed by Governor McIntire and Mayor McMurray. At Greeley the senator received his first ovation, farmers having driven in from miles around and the station being crowded with enthusiastic agriculturists.

The senator remained in Greeley until 5 o'clock, when the reception train arrived. As he stepped into the car he was repeatedly cheered and in response to the enthusiasm made a brief speech. The run to Denver was marked by a succession of ovations. At the small towns in Platte valley crowds gathered around stations.

An explosive bomb at the Union depot at 8 p. m. announced the arrival of the special train in Denver. Long before the train had reached the city the streets were jammed with people. The towns of the state sent train loads of citizens into Denver and the delegations from the different counties vied in the contest of cheering and yelling. Immense flags and pennants, pictures of the senator and banners of welcome were everywhere displayed and half the individuals in the crowd waved aloft a small white flag on which was printed the portrait of the senator. An immense parade had already formed on the arrival of the train, extending up Seventeenth street for several blocks. Military, civic and labor organizations made up the parade and the "Teller Silver Club," 2000 strong, was in line.

As the senator stepped from the train there went up a mighty howl. So great was the pressure he could hardly make his way to the carriage in waiting. The roar of human voices drowned out the noise of the bells and people from Gilpin county, the senator's home, who came to Denver to the number of 600 and who camped at the station the greater part of the afternoon, rushed pell mell after him waving flags and shouting vociferously.

dominate and control this country and adopt a monetary system that is an American system and which is not adopted to the consent of Great Britain. This country is big enough to take care of itself and its affairs without the interference of any other nation. When we are united all other sections of the country will unite with us and we will have a true, honest and American system of finance. Again I thank you for this magnificent honor."

CALLING ON M'KINLEY.

Working Men, Business Men and Christian Endeavor Delegations.
 CANTON, O., July 1—At 3 o'clock this afternoon 300 glass workers and rolling men from Massillon with a band and glass badges and glass canes, called at the McKinley home and were presented by their leader, Joseph Grapesven, who talked of protection as the safeguard of their industry, to which Governor McKinley responded:

"Nothing," said the governor, "has moved me more deeply or touched me more profoundly than to have the expressions of appreciation from the working men of the United States who promote a morality and a diffusion of knowledge among their citizens. In the United States, this has been steadily the aim of our local and state governments and in the advancement of this great work all good people without respect to denominational connections, have had an active and useful part. In every proper charitable board and generous effort I bid you God speed and commend your observance and for your example that lofty and noble policy, that truly patriotic and philanthropic devotion to the amelioration and uplifting of mankind which so conspicuously distinguishes the founders of this mighty free republic."

There was applause and the chataqua salute as the governor finished and then a committee with two lovely bouquets of flowers presented the mother and Mrs. McKinley with them.

Hobart Oats on McKinley.
 CANTON, O., July 1—Gov. McKinley drove to the Fort Wayne station this morning to meet Garrett Hobart. McKinley took Hobart's arm and they walked to the carriage amidst the applause of the crowd. McKinley and guest were driven quickly to the former's home, where a crowd of newspaper men and photographers were waiting. Hobart was presented to a number of McKinley's neighbors as the pair alighted from the carriage, after which they immediately retired to the library. It is not probable either McKinley or Hobart will make a stump campaign.

In order to make train connections and fill his engagements, Hobart left for Cleveland at 12:30 p. m. He will meet National Chairman Hanna there. Hobart had been at the McKinley residence but a half hour when the Medina delegation called. McKinley and Hobart were greeted with cheers they for the first time appeared together onto the same platform.

Hager Renominated.
 COUNCIL BLUFFS, Iowa, July 1—Congressman Al Hager was nominated this morning for the third term by the Republicans of the ninth Iowa congressional district. After the ninety-sixth ballot Smith McPherson released the Montgomery delegation from their pledge to support him. Major Curtis released the Cass county delegation and there was a stampede to Hager, making the nomination almost unanimous.

Distribution of Convention Tickets.
 CHICAGO, July 1—The executive committee of the national convention has arranged for the following distribution of convention tickets: Each delegate and alternate to be admitted, each delegate to have five additional tickets, each member of the national committee to have fifty tickets, 1000 tickets to be given to the press outside of the working members, 1000 to the Grand Army, 1500 to the people of Chicago.

Elliptical Discharge.
 KEY WEST, Fla., July 1—A. W. Barrs and others charged with filibustering in connection with the steamers City of Key West and Three Friends, appeared before United States Commissioner Ramon Alvarez today. After hearing the evidence and arguments Commissioner Alvarez ordered the discharge of the accused.

The California Delegation.
 DENVER, July 1—A telegram from San Francisco says the California delegation to the Chicago convention, occupying three special cars, will be on the Union Pacific fast train July 3. The Denver party will leave on the night of July 5 over the Union Pacific. Fully 2000 will go.

Premium on Bars Reduced.
 NEW YORK, July 1—The directors of the mint have ordered a premium on the assay office gold bars reduced to one tenth of 1 per cent.

THE GOLD MEN

They Will Muster a Formidable Array of Distinguished Men.

MEANS CERTAIN DEFEAT.

Eckels Says the Adoption of a Free Silver Declaration Means Defeat at the Polls. He Says the Silver Men Must Listen to the Appeals to Their Reason Against the Overturning of Democratic Precedents.

CHICAGO, July 1—Comptroller Eckels of the treasury department said today he expected Whitney and others of the anti silver wing of the party Friday. Eckels thinks that after that time the complexion and sentiment will change somewhat and the silver people will not have such complete command of the situation as they now appear to have. Whitney is regarded as the leader of the gold forces, and they expect to muster a formidable array of distinguished men who will assist him in his efforts to prevent the party throwing itself entirely upon the white side of the controversy.

In addition to Whitney, Senators Hill and Murphy, Charles Tracey, ex-Governor Flower, Frederick R. Conard, and ex-Postmaster General Bissell are expected from New York; Don M. Dickinson of Michigan, Governor Russell and Mayor Quincy of Massachusetts, Senator Jewett of New Jersey, Senator Vilas of Wisconsin, Senator Gray of Illinois, and many others, including large delegations of business men and influential politicians from Indianapolis, Baltimore, Pittsburg, St. Louis, Cincinnati and other cities.

"I cannot but believe," said Eckels, "that these men will exert an influence upon the convention. They will appeal to the convention in the interest of the business stability of the country and also for the preservation of the party's integrity. Even the silver leaders must listen, if they are Democrats, when it is pointed out to them that the adoption of a free silver declaration means certain defeat of the party at the polls. It will be shown them, that in this event they will not only lose every eastern state, but also southern states, such as Maryland, Delaware, West Virginia and Kentucky where Republicans have an organization which is not bound up with the Populists. They must also listen to appeals to their reason against the overturning of Democratic precedents, as is proposed to be done in the matter of the abrogation of the two-thirds rule. No Democrat can regard such

an innovation as this and such as frequent consultation with St. Louis bolters, with equanimity, and such proceedings will only encourage the independent movement which is soon to follow them if they are coupled with a free coinage declaration in the platform."

In case of a positive pronouncement for free silver, Eckels expressed the opinion that there would be no open bolt. "But," he said, "there will be defection at the polls, which it will be impossible to prevent."

TREASURY STATEMENT.

A Deficit for Last Year of Over Twenty-six Millions.

WASHINGTON, July 1—The comparative statement of government receipts and expenditures issued by the treasury today shows total receipts from all sources during the fiscal year just closed to have been \$326,189,226, expenditures \$352,231,470, which leaves a deficit of \$26,042,244. Although there was a surplus for June of \$2,349,430, it is expected the figures for July will show a deficit of \$10,000,000, probably more.

The appropriation of \$5,000,000 for sugar bounty payment is now available and it is expected that all claims will have been settled and paid before the end of the month.

During July payments on account of interest, pensions and naval appropriations will be exceptionally large, so the deficit for the month is likely to be above \$10,000,000, rather than less.

Receipts for internal revenue during the year amounted to \$146,508,265, nearly \$11,500,000 less than the secretary's estimate. Customs yielded \$160,534,351, or \$11,465,649 less than the secretary's estimate. The total receipts for the year, however, show a gain of about \$12,900,000 over 1895.

Interest payments during the year increased over \$4,500,000.
