Florida lawmakers broke along party lines Wednesday during the historic votes to impeach President Donald Trump.

The Florida congressional delegation has 14 Republicans and 13 Democrats. All of the Republicans voted against impeachment. All of the Democrats voted for impeachment, a divide that mirrors the entrenched partisan positions on impeachment nationally.

Lawmakers in the nation’s biggest battleground state — one that could play a decisive role in the 2020 election — offered their thoughts on impeach¬ment during debate on the House floor and state¬ments released by their offices.

Turning Point USA conference also includes Giuliani, Gaetz, Hannity

The White House said Tuesday that President Trump will speak at this week’s Turning Point USA conference for young conserva¬tives in West Palm Beach.

The summit, which runs Thursday through Saturday, already boasted an A-list roster of Trump Nation head¬liners, including Fox News host Sean Hannity, Trump attorney Rudy Giuliani, former White House spokeswoman Sarah Sanders and U.S. Rep. Matt Gaetz, R-Florida.

The group says it has “pres¬ence” on over 1,000 campuses and claims to be the largest and fastest-growing youth organization in America. More than 5,000 high school and college students are expected to attend the annual Student Action Summit at the Palm Beach County Convention Center, according to the group’s website.

The group’s second-annual dinner gala was Wednesday night at Mar-a-Lago, with tickets going for $1,500 a piece.

Turning Point USA is a non¬profit organisation founded in 2012. According to the group’s website, its mission is “to build the most organized, active, and powerful conser¬vative grassroots activist network on high school and college campuses across the country.”

WASHINGTON — The House of Representatives voted late Wednesday to impeach President Donald Trump on charges that he abused his office and obstructed Congress, with Democrats declaring him a threat to nation and brand¬ing an indelible mark on the most turbulent presidency of modern times.

After 11 hours of fraught argument on the House floor between Democrats and Republicans over Trump’s conduct with Ukraine, law¬makers voted almost entirely along party lines to impeach him. Trump becomes the third president in U.S. his¬ tory to face trial in the Senate — a proceeding that will determine whether he is removed from office less than one year before he stands for reelection.

On Trump’s 1,062nd day in office, Congress brought an unprecedented reckoning to an unorthodox president who has tested America’s institutions with an array of unprece¬dented actions, including some that a collec¬tion of his own appellate judges and other government witnesses described as reck¬less and endangered national security.

The Democratic-controlled House passed two articles of impeach¬ment against Trump — abuse of power and obstruction of Congress — related to the president’s attempt to withdrawing military aid to Ukraine and pressure its government invest¬igate former vice president Joe Biden, a potential 2020 Democratic opponent.
