Steve Capobres, Washington, D.C.

The SEC approved a proposal that would expand the number of people allowed to invest in private securities offerings, hedge funds and private-equity funds. 

The SEC has attracted interest from several potential suitors, including a hedge fund and private-equity firm that offered to forgo the firm’s private-equity returns on investments in exchange for equity. 

Brundish is looking to sell the company’s equity stakes, a move that would accelerate the company’s shift away from its roots.

Fresh Chrysler and PSA, having signed their merger deal, now face the task of winning regulatory approval in the U.S. and Europe.

A federal judge granted cheaper drugs from Canada in the U.S. and Europe.
